

3.  
Michael Moore's Five Point Program

Michael Moore  
Has a five point program

Which if adopted  
by President Barack Hussein Obama

Will staunch what are predicted to be  
Huge losses  
In the midterm elections.

Michael Moore seems to believe  
That the President and his advisors

Could respond to his program  
With something other

Than a condescending sneer  
Or derisive chuckle.

Michael Moore  
Needs to grow up.
